Technical Datasheet

AQUAMAN HeroCut series

AQUAMAN glove with 13 gauges knitting, smooth nitrile coating and a second layer of nitrile foam on the palm. Its composition of HPPE, Glass Fiber, Polyester, Spandex and Steel Fiber makes them comfortable to use and very resistant to abrasion, cutting and tearing.

- High degree of abrasion and mechanical resistance
- Suitable for operations with high risk of cuts

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.

EN ISO 21420:2020

Category: II
Colours: Blue/ Black
Available sizes: 7-11

Useful Information

The levels of performance against mechanical risks are only valid for the palm of the glove.

Keep in its original packaging, under ordinary temperature and humidity conditions.

Once you become aware of a damage, you should immediately replace it.

EN 388:2016
