Technical Datasheet

G310-18

HeroCut series

The G310 gloves are designed to offer the ultimate level of dexterity for precision tasks due to the 18 gauges knitting and the foam nitrile palm coating. Helps the user to work with small objects, in dry conditions and also offers great grip with tools and other objects. Also, protects the user from cut injuries, as it is certified according to EN 388:2016 and ISO 13997.

- High degree of abrasion and mechanical resistance
- Suitable for operations with high risk of cuts

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.

EN 388:2016+A1:2018

EN ISO 21420:2020

Category: II
Colours: Green
Available sizes: 7-11

Useful Information

The levels of performance against mechanical risks are only valid for the palm of the glove.

Keep in its original packaging, under ordinary temperature and humidity conditions.

Once you become aware of a damage, you should immediately replace it.
